

**Alaska SeaLife Center®**

*w i n d o w s   t o   t h e   s e a*

*The Alaska SeaLife Center, a non-profit organization dedicated to marine research, rehabilitation, conservation, and public education is seeking applications for the following:*

## **Seasonal Research Technicians**

**These positions are responsible for assisting with the Chiswell Island Remote Monitoring Project at the Alaska SeaLife Center.**

### **Responsibilities (include but are not limited to):**

1. Assists with remote monitoring of Steller sea lions operating cameras in the field from an office setting.
2. Conducts behavioral observations and performs photo-identification of pinnipeds through remote video equipment or in the wild when needed.
3. Collects data as required.
4. Ensures that appropriate record keeping is maintained and database management.
5. Assists with data entry and analysis as requested.
6. Assists with other research projects conducted at the Alaska SeaLife Center as requested.
7. Assists with studies in the field as assigned which may require extended stays in remote locations with few basic amenities.

### **Requirements:**

A bachelor's degree in biology, marine biology, zoology, or related field with two years experience in a similar position is preferred. Experience in biological field studies, scientific writing, remote monitoring equipment, and photo identification of marine mammals preferred. Ability to communicate effectively with people at all levels, be organized, self-motivated, and possess a strong desire to see the completion of projects. Computer skills including MS Excel, Word, Access and Observer Pro. Knowledge of basic research methods, data collection techniques as well as knowledge of and ability to operate cameras and other video recording equipment.

These are seasonal, full-time positions.

**Start Date: Approximately May 1, 2009 & May 15, 2010**

**End Date: Approximately August 15, 2009 & August 30, 2010**

**Apply by: February 15, 2010**
